May'18:

1. **Differentiate Mandatory Provision from a Directory Provision. What factors decide whether a provision is directory or mandatory? (4 Marks)**

Ans: Practically speaking, the distinction between a provision which is 'mandatory' and one which is 'directory' is that when it is mandatory, it must be strictly observed; when it is 'directory' it would be sufficient that it is substantially complied with. However, we have to look to the substance and not merely the form, an enactment in mandatory form might substantially be directory and, conversely, a statute in directory form may in substance be mandatory. Hence, it is the substance that counts and must take precedence over mere form. If a provision gives a power coupled with a duty, it is mandatory: whether it is or is not so would depend on such consideration as:

- the nature of the thing empowered to be done,
- the object for which it is done, and
- The person for whose benefit the power is to be exercised.

2. (i) **Define Grammatical Interpretation. What are the exceptions to grammatical interpretation? (4 Marks)**

- (ii) **What is a Document as per the Indian Evidence Act, 1872? (2 Marks)**

Ans: (i) Grammatical Interpretation and its exceptions: 'Grammatical interpretation' concerns itself exclusively with the verbal expression of the law; it does not go beyond the letter of the law. In all ordinary cases, 'grammatical interpretation' is the sole form allowable. The Court cannot take from or add to modify the letter of the law.

This rule, however, is subject to some exceptions:

(1) Where the letter of the law is logically defective on account of ambiguity, inconsistency or incompleteness. As regard the defect to ambiguity, the Court is under a duty to travel beyond the letter of the law so as to determine from the other sources the true intention of the legislature. In the case of the statutory expression being defective on account of inconsistency, the court must ascertain the spirit of the law.

(2) If the text leads to a result which is so unreasonable that it is self-evident that the legislature could not mean what it says, the court may resolve such impasse by inferring logically the intention of the legislature.

(ii) **As per Indian the Evidence Act, 1872:** ‘Document’: Generally understood, a document is a paper or other material thing giving information, proof or evidence of anything. The Law defines ‘document’ in a more technical form. As per Section 3 of the Indian Evidence Act, 1872, ‘document’ means any matter expressed or described upon any substance by means of letters, figures or marks or by more than one of those means, intended to be used, or which may be used, for the purpose of recording that matter.

For Example: A writing is a document, any words printed, photographed are documents.

3. Explain the meaning of term 'Proviso'. Give the distinction between proviso, exception and Saving Clause (RTP)

Ans: Proviso: The normal function of a proviso is to except something out of the enactment or to qualify something stated in the enactment which would be within its purview if the proviso were not there. The effect of the proviso is to qualify the preceding enactment which is expressed in terms which are too general. As a general rule, a proviso is added to an enactment to qualify or create an exception to what is in the enactment. Ordinarily a proviso is not interpreted as stating a general rule.

It is a cardinal rule of interpretation that a proviso to a particular provision of a statute only embraces the field which is covered by the main provision. It carves out an exception to the main provision to which it has been enacted as a proviso and to no other. (**Ram Narain Sons Ltd. vs. Assistant Commissioner of Sales Tax, AIR 1955 SC 765**).

Distinction between Proviso, exception and saving Clause

There is said to exist difference between provisions worded as ‘Proviso’, ‘Exception’, or ‘Saving Clause’.

Proviso	Exception	Saving Clause
‘Exception’ is intended to restrain the enacting clause to particular cases	‘Proviso’ is used to remove special cases from general enactment and provide for them specially	‘Saving clause’ is used to preserve from destruction certain rights, remedies or privileges already existing

Nov’18:

4. Write short note on:

(i) Provision

(ii) Explanation, with reference to interpretation of Statutes, Deeds and Documents. (4 Marks)

Ans: (i) Proviso: The normal function of a proviso is to except something out of the enactment or to qualify something stated in the enactment which would be within its purview if the proviso were not there. The effect of the proviso is to qualify the preceding enactment which is expressed in terms which are too general. As a general rule, a proviso is added to an enactment to qualify or create an exception to what is in the enactment. Ordinarily a proviso is not interpreted as stating a general rule. It is a cardinal rule of

interpretation that a proviso to a particular provision of a statute only embraces the field which is covered by the main provision.

(ii) Explanation: An Explanation is at times appended to a section to explain the meaning of the text of the section. An Explanation may be added to include something within the section or to exclude something from it. An Explanation should normally be so read as to harmonise with and clear up any ambiguity in the main section. It should not be so construed as to widen the ambit of the section.

The meaning to be given to an explanation will really depend upon its terms and not on any theory of its purpose.

5. (i) Explain 'Mischieve Rule' for interpretation of statute. Also, give four matters it considers in construing an Act. (4 Marks)

(ii) Explain how 'Dictionary Definitions' can be of great help in interpreting / constructing an Act when the statute is ambiguous. (2 Marks)

Ans: (i) Mischieve Rule: Where the language used in a statute is capable of more than one interpretation, principle laid down in the Heydon's case is followed. This is known as 'purposive construction' or 'mischieve rule'. The rule then directs that the courts must adopt that construction which 'shall suppress the mischief and advance the remedy'.

It has been emphasized by the Supreme Court that the rule in Heydon's case is applicable only when the words used are ambiguous and are reasonably capable of more than one meaning.

It enables consideration of four matters in construing an Act:

- (1) What was the law before the making of the Act?
- (2) What was the mischief or defect for which the law did not provide?
- (3) What is the remedy that the Act has provided; and
- (4) What is the reason for the remedy?

(ii) Dictionary Definitions: First we refer the Act in question to find out if any particular word or expression is defined in it. Where we find that a word is not defined in the Act itself, we may refer to dictionaries to find out the general sense in which that word is commonly understood. However, in selecting one out of the several meanings of a word, we must always take into consideration the context in which it is used in the Act. It is the fundamental rule that the meanings of words and expressions used in an Act must take their colour from the context in which they appear. Further, judicial decisions laying down the meaning of words in construing statutes in 'pari materia' will have greater weight than the meaning furnished by dictionaries. However, for technical terms, reference may be made to technical dictionaries.

6. 'Repeal' of provision is different from 'deletion' of provision. Explain. (2 Marks)

Ans: In *Navrangpura Gam Dharmada Milkat Trust vs. Rmtuji Ramaji*, AIR 1994 Guj 75 case, it was decided that 'Repeal' of provision is in distinction from 'deletion' of provision. 'Repeal' ordinarily brings about complete obliteration (abolition) of the provision as if it never existed, thereby affecting all incoherent rights and all causes of action related to the 'repealed' provision while 'deletion' ordinarily takes effect from

the date of legislature affecting the said deletion, never to effect total effecting or wiping out of the provision as if it never existed.

7. The 'Statute should be read as a Whole'. Explain the statement. (RTP)

Ans: 'Read the Statute as a Whole': It is the elementary principle that construction of a statute is to be made of all its parts taken together and not of one part only. The deed/ statute must be read as a whole in order to ascertain the true meaning of its several clauses, and the words of each clause should be so interpreted as to bring them into harmony with other provisions – if that interpretation does no violence to the meaning of which they are naturally susceptible. And the same approach would apply with equal force with regard to Acts and Rules passed by the legislature.

One of the safest guides to the construction of sweeping general words is to examine other words of like import in the same enactment or instrument to see what limitations must be imposed on them. If we find that a number of such expressions have to be subjected to limitations and qualifications and that such limitations and qualifications are of the same nature that circumstance forms a strong argument for subjecting the expression in dispute to a similar limitation and qualification.

May'19:

8. 'Preamble does not over-ride the plain provision of the Act.' Comment. Also give suitable example. (3 Marks)

Ans: Preamble: The Preamble expresses the scope, object and purpose of the Act more comprehensively. The Preamble of a Statute is a part of the enactment and can legitimately be used as an internal aid for construing it. However, the Preamble does not over-ride the plain provision of the Act. But if the wording of the statute gives rise to doubts as to its proper construction, for example, where the words or phrase has more than one meaning and a doubt arises as to which of the two meanings is intended in the Act, the Preamble can and ought to be referred to in order to arrive at the proper construction.

In short, the Preamble to an Act discloses the primary intention of the legislature but can only be brought in as an aid to construction if the language of the statute is not clear. However, it cannot override the provisions of the enactment.

Example: Use of the word 'may' in section 5 of the Hindu Marriage Act, 1955 provides that "a marriage may be solemnized between two Hindus....." has been construed to be mandatory in the sense that both parties to the marriage must be Hindus as defined in section 2 of the Act. It was held that a marriage between a Christian male and a Hindu female solemnized under the Hindu Marriage Act was void. This result was reached also having regard to the preamble of the Act which reads: 'An Act to amend and codify the law relating to marriage among Hindus' [**GullipoliSowria Raj V. BandaruPavani, (2009)1 SCC714**].

9. How will you understand whether a provision in a statute is 'mandatory' or 'directory'? (3 marks)

Ans: Practically speaking, the distinction between a provision which is 'mandatory' and one which is 'directory' is that when it is mandatory, it must be strictly observed; when it is 'directory' it would be sufficient that it is substantially complied with. However, we have to look into the substance and not merely the form; an enactment in mandatory form might substantially be directory and, conversely, a statute in directory form may in substance be mandatory. Hence, it is the substance that counts and must take precedence over mere form. If a provision gives a power coupled with a duty, it is mandatory; whether it is or is not so would depend on such consideration as:

- (i) The nature of the thing empowered to be done,
- (ii) The object for which it is done, and
- (iii) The person for whose benefit the power is to be exercised.

10. If it is defined as:

A. "Company means a company incorporated under the Companies Act, 2013 or under any previous company Law".

B. "Person" includes _____ under the Consumer Protection Act, 1986.

How would you interpret/construct the nature and scope of the above definitions? (3 marks)

Ans: Restrictive and extensive definitions: The definition of a word or expression in the definition section may either be restricting of its ordinary meaning or may be extensive of the same.

When a word is defined to 'mean' such and such, the definition is 'prima facie' restrictive and exhaustive, we must restrict the meaning of the word to that given in the definition section.

But where the word is defined to 'include' such and such, the definition is 'prima facie' extensive: here the word defined is not restricted to the meaning assigned to it but has extensive meaning which also includes the meaning assigned to it in the definition section.

Thus,

- (A) The definition is restrictive and exhaustive to the effect that only an entity incorporated under the Companies Act, 2013 or under any previous Companies Act, shall be deemed to be company.
- (B) The definition is inclusive in nature, thereby the meaning assigned to the respective word (here 'person') is extensive. It has a wider scope to include other terms into the ambit of the definition having regard to the object of the definition.

11. Many a time a proviso is added to a Section of the enactment. Explain the function of such a proviso in the interpretation of the section/ provision. (RTP)

Ans: The normal function of a proviso is to except something out of the enactment or to qualify something stated in the enactment which would be within its purview if the proviso were not there. The effect of the proviso is to qualify the preceding enactment which is expressed in terms which are too general. As a general rule, a proviso is added to an enactment to qualify or create an exception to what is in the enactment ordinarily a proviso is not interpreted as it stating a general rule.

It is a cardinal rule of interpretation that a proviso to a particular provision of a statute only embraces the field which is covered by the main provision. It carves out an exception to the provision to which it has been enacted as a proviso and not to the other. (**Ram Narain Sons Ltd. vs. Assistant Commissioner of Sales Tax. A.I.R, 1995 SC 765**)

Nov'19:

12. How will you interpret the term "Instrument" used in a statutes?

(3 Marks)

Ans: 'Instrument': In common parlance, 'instrument' means a formal legal document which creates or confirms a right or records a fact. It is a formal writing of any kind, such as an agreement, deed, charter or record, drawn up and executed in a technical form. It also means a formal legal document having legal effect, either as creating liability or as affording evidence of it. Section 2(14) of the Indian Stamp Act, 1899 states that 'instrument' includes every document by which any right or liability is or purports to be created, transferred, extended, extinguished or recorded.

13. At the time of interpreting a statutes what will be the effect of 'Usage' or 'Practice'? (3 marks)

Ans: Effect of usage: Usage or practice developed under the statute is indicative of the meaning recognized to its words by contemporary opinion. A uniform notorious practice continued under an old statute and inaction of the Legislature to amend the same are important factors to show that the practice so followed was based on correct understanding of the law. When the usage or practice receives judicial or legislative approval it gains additional weight.

In this connection, we have to bear in mind two Latin maxims:

- (i) 'Optima Legum interpres est consuetude' (the custom is the best interpreter of the law); and
- (ii) 'Contemporanea exposito est optima et fortissinia in lege' (the best way to interpret a document is to read it as it would have been read when made).

Therefore, the best interpretation/construction of a statute or any other document is that which has been made by the contemporary authority. Simply stated, old statutes and documents should be interpreted as they would have been at the time when they were enacted/written.

Contemporary official statements throwing light on the construction of a statute and statutory instruments made under it have been used as contemporanea exposition to interpret not only ancient but even recent statutes in India.

14. Explain whether Foreign Decisions be used for construing Indian Acts. (RTP)

Ans: The normal function of a proviso is to except something out of the enactment or to qualify something stated in the enactment which would be within its purview if the proviso were not there. The effect of the proviso is to qualify the preceding enactment which is expressed in terms which are too general. As a general rule, a proviso is added to an enactment to qualify or create an exception to what is in the enactment ordinarily a proviso is not interpreted as it stating a general rule.

It is a cardinal rule of interpretation that a proviso to a particular provision of a statute only embraces the field which is covered by the main provision. It carves out an exception to the provision to which it has been enacted as a proviso and not to the other. (Ram Narain Sons Ltd. Vs. Assistant Commissioner of Sales Tax. A.I.R,1995 SC 765)

May'20

15. Explain the function of 'proviso' as an internal aid to construction.

Ans: Proviso: The normal function of a proviso is to except something out of the enactment or to qualify something stated in the enactment which would be within its purview if the proviso were not there. The effect of the proviso is to qualify the preceding enactment which is expressed in terms which are too general. As a general rule, a proviso is added to an enactment to qualify or create an exception to what is in the enactment. Ordinarily a proviso is not interpreted as stating a general rule.

It is a cardinal rule of interpretation that a proviso to a particular provision of a statute only embraces the field which is covered by the main provision. It carves out an exception to the main provision to which it has been enacted as a proviso and to no other. (**Ram Narain Sons Ltd. vs. Assistant Commissioner of Sales Tax, AIR 1955 SC 765**).

NOV 19

16. How will you interpret the term "Instrument" used in a statutes? **(3 Marks)**

Ans: 'Instrument': In common parlance, 'instrument' means a formal legal document which creates or confirms a right or records a fact. It is a formal writing of any kind, such as an agreement, deed, charter or record, drawn up and executed in a technical form. It also means a formal legal document having legal effect, either as creating liability or as affording evidence of it. Section 2(14) of the Indian Stamp Act, 1899 states that 'instrument' includes every document by which any right or liability is or purports to be created, transferred, extended, extinguished or recorded.

17. At the time of interpreting a statutes what will be the effect of 'Usage' or 'Practice'? **(3 Marks)**

Ans: Effect of usage: Usage or practice developed under the statute is indicative of the meaning recognized to its words by contemporary opinion. A uniform notorious practice continued under an old statute and inaction of the Legislature to amend the same are important factors to show that the practice so followed was based on correct understanding of the law. When the usage or practice receives judicial or legislative approval it gains additional weight.

In this connection, we have to bear in mind two Latin maxims:

- (i) 'Optima Legum interpres est consuetude' (the custom is the best interpreter of the law); and
- (ii) 'Contemporanea exposito est optima et fortissima in lege' (the best way to interpret a document is to read it as it would have been read when made).

Therefore, the best interpretation/construction of a statute or any other document is that which has been made by the contemporary authority. Simply stated, old statutes and documents should be interpreted as they would have been at the time when they were enacted/written.

Contemporary official statements throwing light on the construction of a statute and statutory instruments made under it have been used as contemporanea exposition to interpret not only ancient but even recent statutes in India.

NOV 20

18. Write a short note on "Proviso" with reference to the rules of interpretation. **(3 Marks)**

Ans: Proviso: The normal function of a proviso is to except something out of the enactment or to qualify something stated in the enactment which would be within its purview if the proviso were not there. The effect of the proviso is to qualify the preceding enactment which is expressed in terms which are too general. As a general rule, a proviso is added to an enactment to qualify or create an exception to what is in the enactment. Ordinarily a proviso is not interpreted as stating a general rule.

It is a cardinal rule of interpretation that a proviso to a particular provision of a statute only embraces the field which is covered by the main provision. It carves out an exception to the main provision to which it has been enacted as a proviso and to no other. (Ram Narain Sons Ltd. Vs. Assistant Commissioner of Sales Tax, AIR SC 765).

19. "Associate words to be understood in common sense manner." Explain this statement with reference to rules of interpretation of statutes. **(3 Marks)**

Ans: Associated Words to be Understood in Common Sense Manner: When two words or expressions are coupled together one of which generally excludes the other, obviously the more general term is used in a meaning excluding the specific one. On the other hand, there is the concept of 'Noscitur A Sociis' ('it is known by its associates'), that is to say 'the meaning of a word is to be judged by the company it keeps'. When two or more words which are capable of analogous (similar or parallel) meaning are coupled together, they are to be understood in their cognate sense (i.e. akin in origin, nature or quality). They take, as it were, their colour from each other, i.e., the more general is restricted to a sense analogous to the less general. It is a rule wider than the rule of ejusdem generis, rather ejusdem generis is only an application of the noscitur a sociis. It must be borne in mind that noscitur a sociis, is merely a rule of construction and it cannot prevail in cases where it is clear that the wider words have been deliberately used in order to make the scope of the defined word correspondingly wider.

JAN 2021

20. Soheli, a director of a Company, not being personally concerned or interested, financially or otherwise, in a matter of a proposed motion placed before the Board Meeting, did not disclose his interest although he has knowledge that his sister is interested in that proposal. He restrains from making any disclosure of his interest on the presumption that he is not required by law to disclose any interest as he is not personally interested or concerned in the proposal. He made his presumption relying on the 'Rule of Literal Construction'. Explaining the scope of interpretation under this rule in the given situation, decide whether the decision of Soheli is correct? **(3 Marks)**

Ans: Rule of Literal Construction

Normally, where the words of a statute are in themselves clear and unambiguous, then these words should be construed in their natural and ordinary sense and it is not open to the court to adopt any other hypothetical construction. This is called the rule of literal construction.

This principle is contained in the Latin maxim “absoluta sententia expositore non indeget” which literally means “an absolute sentence or preposition needs not an expositor”. In other words, plain words require no explanation.

Sometimes, occasions may arise when a choice has to be made between two interpretations – one narrower and the other wider or bolder. In such a situation, if the narrower interpretation would fail to achieve the manifest purpose of the legislation, one should rather adopt the wider one.

When we talk of disclosure of ‘the nature of concern or interest, financial or otherwise’ of a director or the manager of a company in the subject-matter of a proposed motion (as referred to in section 102 of the Companies Act, 2013), we have to interpret in its broader sense of referring to any concern or interest containing any information and facts that may enable members to understand the meaning, scope and implications of the items of business and to take decisions thereon. What is required is a full and frank disclosure without reservation or suppression, as, for instance where a son or daughter or father or mother or brother or sister is concerned in any contract or matter, the shareholders ought fairly to be informed of it and the material facts disclosed to them. Here a restricted narrow interpretation would defeat the very purpose of the disclosure.

In the given question, Sohail (a director) did not disclose his interest in a matter placed before the Board Meeting (in which his sister has interest), as he is not personally interested or concerned in the proposal.

Here, he ought to have considered broader meaning of the provision of law; and therefore, even though he was personally not interested or concerned in the proposal, he should have disclosed the interest.

21. What is External Aid to interpretation? Explain how the Dictionary definitions are the External Aids to Interpretations? (3 Marks)

Ans: External aids are the factors that help in interpreting/construing an Act and have been given the convenient nomenclature of ‘External Aids to Interpretation’. Apart from the statute itself there are many matters which may be taken into account when the statute is ambiguous. These matters are called external aids.

Dictionary Definitions: Dictionary Definitions is one of the External Aids to interpretation. First we have to refer to the Act in question to find out if any particular word or expression is defined in it. Where we find that a word is not defined in the Act itself, we may refer to dictionaries to find out the general sense in which that word is commonly understood. However, in selecting one out of the several meanings of a word, we must always take into consideration the context in which it is used in the Act. It is the fundamental rule that the meanings of words and expressions used in an Act must take their colour from the context in which they appear. Further, judicial decisions laying down the meaning of words in construing statutes in ‘pari materia’ will have greater weight than the meaning furnished by dictionaries. However, for technical terms reference may be made to technical dictionaries.

JUL 21

22. Explain the impact of the two words "means" and "includes" in a definition, while interpreting such definition. (3 Marks)

Ans: Impact of the words “Means” and “Includes” in the definitions- The definition of a word or expression in the definition section may either be restricting of its ordinary meaning or may be extensive of the same.

When a word is defined to ‘mean’ such and such, the definition is ‘prima facie’ restrictive and exhaustive, we must restrict the meaning of the word to that given in the definition section.

But where the word is defined to ‘include’ such and such, the definition is ‘prima facie’ extensive, here the word defined is not restricted to the meaning assigned to it but has extensive meaning which also includes the meaning assigned to it in the definition section.

Example:

Definition of Director [section 2(34) of the Companies Act, 2013]—Director means a director appointed to the board of a company. The word “means” suggests exhaustive definition.

Definition of Whole time director [Section 2(94) of the Companies Act, 2013]—Whole time director includes a director in the whole time employment of the company. The word “includes” suggests extensive definition. Other directors may be included in the category of the whole time director.

23. Whether Foreign decisions can be used for construing Indian Statute? Explain. **(3 Marks)**

Ans: Use of Foreign Decisions: Foreign decisions of countries following the same system of jurisprudence as ours and given on laws similar to ours can be legitimately used for construing our own Acts. However, prime importance is always to be given to the language of the Indian statute. Further, where guidance can be obtained from Indian decisions, reference to foreign decisions may become unnecessary.

DEC 21

24. Explain the Mischief Rule / the rule in Heydon’s case for interpretation of statute. Also give four matters it considers in construing an Act.

Ans: Mischief Rule/ Heydon’s Rule: Where the language used in a statute is capable of more than one interpretation, the most firmly established rule for construction is the principle laid down in the Heydon’s case. This rule enables, consideration of four matters in constituting an Act:

- (1) what was the law before making of the Act,
- (2) what was the mischief or defect for which the law did not provide,
- (3) what is the remedy that the Act has provided, and
- (4) what is the reason for the remedy.

The rule then directs that the courts must adopt that construction which ‘shall suppress the mischief and advance the remedy’. Therefore, even in a case where the usual meaning of the language used falls short of the whole object of the legislature, a more extended meaning may be attributed to the words, provided they are fairly susceptible of it. If the object of any enactment is public safety, then its working must be interpreted widely to give effect to that object. Thus, in the case of Workmen’s Compensation Act, 1923 the

main object being provision of compensation to workmen, it was held that the Act ought to be so construed, as far as possible, so as to give effect to its primary provisions.

However, it has been emphasized by the Supreme Court that the rule in Heydon's case is applicable only when the words used are ambiguous and are reasonably capable of more than one meaning [CIT v. Sodra Devi (1957) 32 ITR 615 (SC)].

25. In what way are the following terms considered as external aid in the interpretation of statutes:

- (i) Historical Setting
- (ii) Use of Foreign Decisions

Ans: i) Historical Setting: The history of the external circumstances which led to the enactment in question is of much significance in construing any enactment. We have, for this purpose, to take help from all those external or historical facts which are necessary in the understanding and comprehension of the subject matter and the scope and object of the enactment. History in general and Parliamentary History in particular, ancient statutes, contemporary or other authentic works and writings all are relevant in interpreting and construing an Act.

(ii) Use of Foreign Decisions: Foreign decisions of countries following the same system of jurisprudence as ours and given on laws similar to ours can be legitimately used for construing our own Acts. However, prime importance is always to be given to the language of the Indian statute. Further, where guidance can be obtained from Indian decisions, reference to foreign decisions may become unnecessary.

MAY 22

26. What is the effect of proviso? Does it qualify the main provisions of the enactment? Explain it with reference to Interpretation of Statutes.

Ans: Normally a Proviso is added to a section of an Act to except something or qualify something stated in that particular section to which it is added. A proviso should not be, ordinarily, interpreted as a general rule. Usually, a proviso is embedded in the main body of the section and becomes an integral part of it.

The effect of the proviso is to qualify the preceding enactment which is expressed in terms which are too general. It is a cardinal rule of interpretation that a proviso or exception to a particular provision of a statute only embraces the field which is covered by the main provision. It carves out an exception to the main provision to which it has been enacted as a proviso and to no other. (Ram Narain Sons Ltd. vs. Assistant Commissioner of Sales Tax, AIR 1955 SC 765).
